## **DETAILED ACTION**

## Allowable Subject Matter

- 1. Claims 1-5 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: The examiner agrees with applicant's characterization of how the instant claims distinguish over the prior art of record and has withdrawn the previous prior art rejection. The Eastman et al. patent fails to suggest a motivation to use virgin naphtha essentially consisting of C5-C8 paraffins with the claimed molar ratio with respect to hydrogen sulfide in the process of the GB '093 reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frank M. Lawrence whose telephone number is 571-272-1161. The examiner can normally be reached on Mon-Thurs 7:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Duane Smith can be reached on 571-272-1166. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
